Docket No. 98N-1265

Food and Drug Administration APR 14 9 58

5600 Fishers Lane

Rockville, MD. 20857

I OPPOSE THE DRAFT M.O.U. being proposed by the FDA. In particular, I OBJECT to the definition of "inordinate amount" which restricts the availability and the right to obtain medically necessary compounded medications by limiting the number of prescriptions that can be shipped across state lines from specialized compounding pharmacies.

COMMENTS: I seriously object to the idea that  
I would not be able to order the prescription  
that I need badly if the new proposal is  
passed. I cannot get this prescription in Missouri  
anywhere. This medication allows me to  
continue to hold my current job and support  
my family, and without it I would not be  
able to function well.

Please do not heed the efforts of the  
FDA lobbyists!
